**Acting Principal's Report**

Late last week we were busy in the garden planting some fresh vegetables. Before the planting our students were actively researching what vegetables grow where in Australia. This led us to conversations around climate and what conditions plants will grow best in.

Our students decided we would purchase and plant beetroot, carrots, snow peas and bak choy, as it was the right time of year to plant them and the conditions should be suitable.

Our plan is to use our garden produce in the kitchen. This week we are using a zucchini delivered by our MARC library van to create our own zucchini slice. Yummy! Next Tuesday we have a professional chef (Luke) visiting us to help cook up a storm.

We are very excited about our upcoming Easter Eggstravaganza on Wednesday, March 25<sup>th</sup>. Make sure all children enter our colouring completion on the night as there will be some fantastic prizes
